

Electrophoresis Instruments

BlueLine - a new dimension in electrophoresis

- State-of-the-art but robust construction, high-quality finish
- A modular concept: instrument systems of compatible formats
- Convenience of handling, safety design
- Technical and applications support, after-sales-service
- All instruments in compliance with European safety standards (CE-marks)
- Simple, user-friendly, ergonomic

Horizontal Electrophoresis	BlueMarine Horizontal Submarine Units	BM 100 BM 200
	BlueHorizon™ Super Cool Flatbed System	BH-2C
Vertical Electrophoresis	BlueVertical Mini Slab Gel System	BV 102 BV 102/CA BV 102 Syst.
Electroblotting	BlueBlot Wet Tank Blotters	BB 100 BB 200
	BlueFlash Semi-Dry Blotters	BF-S BF-M BF-L BF-XL BF-XXL
Power Supplies	BluePower Power Supplies	BP-Plus BP-500Plus
Gel Documentation and Analysis Systems	Digital Imaging and Analysis System I	DIAS-I I DIAS-IP GS-V60 GS-V60P
Accessories	BlueLink Cross-Linker	BLX-312 BLX-254 BLX-T 254 BLX-T 312
	Transilluminators - UV Table	ETX-20.C ETX-20.M ETX-35.C ETX-35.M ETX-20.MC TFP-MWL
	Rocking Table	Kick II
	Circulation chiller	WKL230
