Classification system:
 NFPA ratings (scale 0 - 4)

· HMIS-ratings (scale 0 - 4)

HEALTH 2	Health = 2
FIRE 0	Fire = 0
REACTIVITY 0	Reactivity = 0

#### · Other hazards

· Results of PBT and vPvB assessment:

- · **PBT**: PBT Assessment not available.
- · **vPvB**: vPvB Assessment not available.

### 3 Composition/information on ingredients

- $\cdot$  Chemical characterization: Substances
- · CAS No. Description:
- 28718-90-3 2-phenylindole-4',6-dicarboxamidine dihydrohydrochloride (hydrate)
- · Identification number(s):
- EC number: 249-186-7
- · Description:
- · Empirical formula:  $C_{16}H_{15}N_5*2HCl$
- · MW: 350.25

### 4 First-aid measures

- · Description of first aid measures
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:
- Wash off immediately with soap and water and rinse thoroughly. In case of complaints, consult a doctor. *After eye contact:*

*Rinse opened eye for several minutes with running water. Remove existing contact lenses, if possible, and continue rinsing. Consult an ophthalmologist immediately.* 

- *After swallowing: Rinse mouth and seek medical advice. Do not induce vomiting!*
- Most important symptoms and effects, both acute and delayed No further relevant information available. • Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

## **5** *Fire-fighting measures*

- · Extinguishing media
- Suitable extinguishing agents:
- $CO_{2}$  extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. • Special hazards arising from the substance or mixture

*Formation of hazardous vapors and gases possible during heating or in case of fire. In case of fire, the following can be released:* 

Nitrogen oxides (NOx)

Hydrogen chloride (HCl)

Carbon monoxide and carbon dioxide

## Safety Data Sheet acc. to OSHA HCS

Printing date 04/11/2025

Reviewed on 04/11/2025

#### Trade name: 4',6-Diamidino-2-phenylindole-2HCl

- · Advice for firefighters
- · Protective equipment: Wear self-contained breathing apparatus.
- · Additional information

Collect contaminated fire fighting water separately. It must not enter the sewage system.

Dispose of fire debris and contaminated fire fighting water in accordance with official regulations.

#### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures
   Ensure adequate ventilation
   Wear protective clothing.
   Avoid contact with eyes and skin.
   Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up
- Dispose contaminated material as waste according to section 13. Pick up mechanically.
- · Protective Action Criteria for Chemicals
- PAC-1: Substance is not listed.
- · PAC-2: Substance is not listed.
- · PAC-3: Substance is not listed.
- · Reference to other sections
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

### 7 Handling and storage

• *Precautions for safe handling:* Ensure good ventilation/exhaustion at the workplace. Prevent formation of dust.

· Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.

- · Conditions for safe storage, including any incompatibilities
- · Storage:
- *Requirements to be met by storerooms and receptacles:* Store only in the original receptacle. Storage at +2 to +8 °C
- · Information about storage in one common storage facility: Store away from oxidizing agents.
- Further information about storage conditions: Store container tightly closed and dry. Store in the dark.
- · Specific end use(s): No further relevant information available.

### 8 Exposure controls/personal protection

- · Control parameters
- · Components with limit values that require monitoring at the workplace: Not required.
- Additional information: The lists that were valid during the creation were used as basis.

- Additional information about design of technical systems: No further data; see section 7.
- · Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Store protective clothing separately. Immediately remove all soiled and contaminated clothing.

#### Trade name: 4',6-Diamidino-2-phenylindole-2HCl

Avoid contact with the eyes and skin.

Wash hands before breaks and at the end of work. • Breathing equipment:

Short term filter device: Filter P2

• Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

• Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

· Penetration time of glove material:

The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.

 $\cdot$  For the permanent contact of a maximum of 15 minutes gloves made of the following materials are suitable:

Natural rubber, NR Nitrile rubber, NBR

- · Eye protection: Safety glasses
- · Body protection: Protective work clothing

#### 9 Physical and chemical properties

y hysical and chemical properties	
· Information on basic physical and chemical	properties
· General Information:	
· Color:	Yellow
· Odor:	Characteristic
· Odor threshold:	not determined.
<ul> <li>Melting point/Melting range:</li> </ul>	No information available
· Boiling point/Boiling range:	No information available
· Flammability (solid, gaseous):	No information available

Important information on protection of health and environment, and on safety:
Danger of explosion:

. . . . . .

The product is not explosive, but the formation of explosive dust/air mixtures is possible. 350.25 g/mol

· Molecular weight

### **10 Stability and reactivity**

• *Reactivity:* No further relevant information available.

- · Chemical stability:
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- Possibility of hazardous reactions: No further relevant information available.
- Conditions to avoid: High temperatures Exposure to light
- Exposure to light
- · Incompatible materials: Avoid contact with strong oxidizing agents, strong acids, strong alkalis.
- Hazardous decomposition products: In case of fire: see section 5

### **11 Toxicological information**

· Information on toxicological effects

- · Acute toxicity: Based on available data, the classification criteria are not met.
- on the skin: Causes skin irritation.
- on the eye: Causes serious eye irritation.
- · Sensitization: May cause an allergic skin reaction.
- · Specific target organ toxicity single exposure: May cause respiratory irritation.
- · Additional toxicological information:
- · Carcinogenic categories
- · IARC (International Agency for Research on Cancer) Substance is not listed.
- · NTP (National Toxicology Program) Substance is not listed.
- · OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.

### **12** Ecological information

· Toxicity:

- · Aquatic toxicity: No further relevant information available.
- · Persistence and degradability: No further relevant information available.
- *Bioaccumulative potential:* No further relevant information available.
- Mobility in soil: No further relevant information available.
- · Results of PBT and vPvB assessment:
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- Other adverse effects:
- Additional ecological information:
- · General notes:

Do not allow product to reach ground water, water course or sewage system. Water hazard class 2 (Self-assessment): hazardous for water

### **13 Disposal considerations**

- · Waste treatment methods
- · Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

May cause respiratory irritation.

· Precautionary statements

Avoid breathing dust.

Wear protective gloves/protective clothing/eye protection/face protection.

If on skin: Wash with plenty of soap and water.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation or rash occurs: Get medical advice/attention.

· Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
