### Trade name: Iodonitrotetrazolium chloride

(Contd. of page 1)

· HMIS-ratings (scale 0 - 4)

### • Other hazards

· Results of PBT and vPvB assessment:

• **PBT:** PBT - Assessment not available.

· **vPvB**: vPvB - Assessment not available.

# **3** Composition/information on ingredients

- · Chemical characterization: Substances
- · CAS No. Description:
- 146-68-9 2-(4-iodophenyl)-3-(4-nitrophenyl)-5-phenyltetrazolium chloride
- Identification number(s):
- · EC number: 205-676-2
- · Description:
- Empirical formula:  $C_{19}H_{13}ClIN_5O_2$
- · MW: 505.72

### 4 First-aid measures

- · Description of first aid measures
- General information:

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

- After inhalation: Supply fresh air or oxygen; call for doctor.
- · After skin contact:
- Wash off immediately with plenty of soap and water; rinse thoroughly; seek medical attention.
- · After eye contact:
- Rinse opened eye for several minutes with running water. Remove existing contact lenses, if possible, and continue rinsing. Consult an ophthalmologist immediately.
- · After swallowing: Rinse mouth immediately. Drink plenty of water and fresh air. Call a doctor immediately.
- · Most important symptoms and effects, both acute and delayed No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

### **5** Fire-fighting measures

- · Extinguishing media
- · Suitable extinguishing agents:
- $CO_2$  extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. • Special hazards arising from the substance or mixture
- In case of fire, formation of hazardous fire gases or vapors possible. In case of fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Hydrogen chloride (HCl) Hydrogen iodide (HI)
- Advice for firefighters
   Protective equipment: Wear self-contained breathing apparatus.

# 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective clothing.
   Ensure adequate ventilation Avoid formation of dust.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.

### · Methods and material for containment and cleaning up

- Dispose contaminated material as waste according to section 13. Pick up mechanically.
- · Protective Action Criteria for Chemicals
- · PAC-1: Substance is not listed.
- · PAC-2: Substance is not listed.
- · PAC-3: Substance is not listed.
- **Reference to other sections** See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

# 7 Handling and storage

• Precautions for safe handling: Ensure good ventilation/exhaustion at the workplace. Avoid contact with eyes and skin.

· Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.

- · Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: Store only in the original receptacle.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Store container tightly closed and dry.
- *Specific end use(s): No further relevant information available.*

### 8 Exposure controls/personal protection

- · Control parameters
- · Components with limit values that require monitoring at the workplace: Not required.
- Additional information: The lists that were valid during the creation were used as basis.
- · Exposure controls
- Additional information about design of technical systems: No further data; see section 7.
- · Personal protective equipment:
- $\cdot$  General protective and hygienic measures:
- Keep away from foodstuffs, beverages and feed.
- Store protective clothing separately.
- Immediately remove all soiled and contaminated clothing.
- Wash hands before breaks and at the end of work.
- Avoid contact with the eyes and skin.

# • Breathing equipment:

Short term filter device: Filter P2

• Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

### Trade name: Iodonitrotetrazolium chloride

· Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

- *Penetration time of glove material:* The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.
- For the permanent contact of a maximum of 15 minutes gloves made of the following materials are suitable:

Nitrile rubber, NBR Natural rubber, NR

- Eye protection: Safety glasses
- · Body protection: Protective work clothing

### 9 Physical and chemical properties

General Information:	Lightwellow
Color:	Light yellow
Odor:	Characteristic
Odor threshold:	Not determined.
Melting point/Melting range:	~231 °C (~447.8 °F)
Boiling point/Boiling range:	Undetermined.
Flammability (solid, gaseous):	No information available
Explosion limits:	
Lower:	No information available
Upper:	No information available
Flash point:	No information available
Decomposition temperature:	No information available
pH-value:	No information available
Viscosity:	
Kinematic viscosity:	No information available
Dynamic viscosity:	No information available
Solubility in / Miscibility with:	
Water at 20 °C (68 °F):	min. 3 g/l
Partition coefficient (n-octanol/water):	No information available
Vapor pressure:	No information available
Vapor pressure:	
Density:	No information available
Relative density:	No information available
Other information	
Appearance:	
Form:	Powder
Important information on protection of healt environment, and on safety:	
Danger of explosion:	The product is not explosive, but the formation of
	explosive dust/air mixtures is possible.
Molecular weight	505.7 g/mol

# 10 Stability and reactivity

· Reactivity: No further relevant information available.

· Chemical stability:

- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions:

Reacts with alkaline metals.

# Safety Data Sheet acc. to OSHA HCS

Printing date 01/26/2024

Reviewed on 01/26/2024

### Trade name: Iodonitrotetrazolium chloride

Reacts with strong acids and oxidizing agents.

- *Conditions to avoid: High temperatures exposure to the light*
- Incompatible materials: No further relevant information available.
- Hazardous decomposition products: In case of fire: see section 5

# **11** Toxicological information

- · Information on toxicological effects
- · Acute toxicity: Harmful if swallowed, in contact with skin or if inhaled.
- · Additional toxicological information:
- · Carcinogenic categories
- · IARC (International Agency for Research on Cancer) Substance is not listed.
- · NTP (National Toxicology Program) Substance is not listed.
- · OSHA-Ca (Occupational Safety & Health Administration) Substance is not listed.

### **12 Ecological information**

- · Toxicity:
- Aquatic toxicity: No further relevant information available.
- · Persistence and degradability: No further relevant information available.
- · Bioaccumulative potential: No further relevant information available.
- · Mobility in soil: No further relevant information available.
- · Results of PBT and vPvB assessment:
- **PBT:** Not applicable.
- · vPvB: Not applicable.
- Other adverse effects:
- · Additional ecological information:
- · General notes:

Do not allow product to reach ground water, water course or sewage system. Water hazard class 1 (Self-assessment): slightly hazardous for water

# **13 Disposal considerations**

### · Waste treatment methods

- · Recommendation:
- Dispose of in accordance with official regulations.

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- · Recommendation:

Uncleaned packaging must be disposed of in the same way as the product in accordance with official regulations.

· Class	Void
· Packing group	
· DOT, ADR, IMDG, IATA	Void
· Environmental hazards	
• Marine pollutant:	No
$\cdot$ Special precautions for user	Not applicable.
• Transport in bulk according to Annex	II of
MARPOL73/78 and the IBC Code	Not applicable.
· Transport/Additional information:	Not dangerous according to the above specifications.
· UN "Model Regulation":	Void

# **15 Regulatory information**

- Safety, health and environmental regulations/legislation specific for the substance or mixture No further relevant information available.
- Section 355 (extremely hazardous substances): Substance is not listed.
- Section 313 (Specific toxic chemical listings): Substance is not listed.
- TSCA (Toxic Substances Control Act): ACTIVE
- · Hazardous Air Pollutants Substance is not listed.
- · Proposition 65 Substance is not listed.
- · Chemicals known to cause cancer: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for females: Substance is not listed.
- · Chemicals known to cause reproductive toxicity for males: Substance is not listed.
- · Chemicals known to cause developmental toxicity: Substance is not listed.
- · Cancerogenity categories
- · EPA (Environmental Protection Agency) Substance is not listed.
- · TLV (Threshold Limit Value) Substance is not listed.
- · NIOSH-Ca (National Institute for Occupational Safety and Health) Substance is not listed.
- · GHS label elements
- The substance is classified and labeled according to the Globally Harmonized System (GHS).
- · Hazard pictograms GHS07
- · Signal word Warning
- · Hazard statements
- Harmful if swallowed, in contact with skin or if inhaled.
- · Precautionary statements
- Avoid breathing dust.
- Wear protective gloves/protective clothing/eye protection/face protection.
- If swallowed: Call a poison center/doctor if you feel unwell.
- Rinse mouth.
- If on skin: Wash with plenty of water.
- IF INHALED: Remove person to fresh air and keep comfortable for breathing.
- · Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

## **16 Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
